START TO TRADE WELL

With the **strategy** that could've turned
R100,000 into R925,388.90.

The **best time** to invest in this strategy was **six years ago.**

The **second-best time** to invest is **NOW!**

Dear potential MATI Trader,

Hi I'm Timon Rossolimos, founder of *MATI Trader*.

Thanks for stopping by to hear what I have to share.

When I first started trading in 2003, it was almost impossible to find a profitable, easy-to-use and proven strategy where I didn't need to spend hours in front of a screen each day.

From a young age I envisioned that TRADING would one day deliver the income and freedom, where I could travel and work anywhere in the world.

Fast-forward to today, and I'm doing just that.

As I write this, I am sitting in a traditional restaurant in one of the small Ionian Greek islands' where I'll be for the next couple of months.

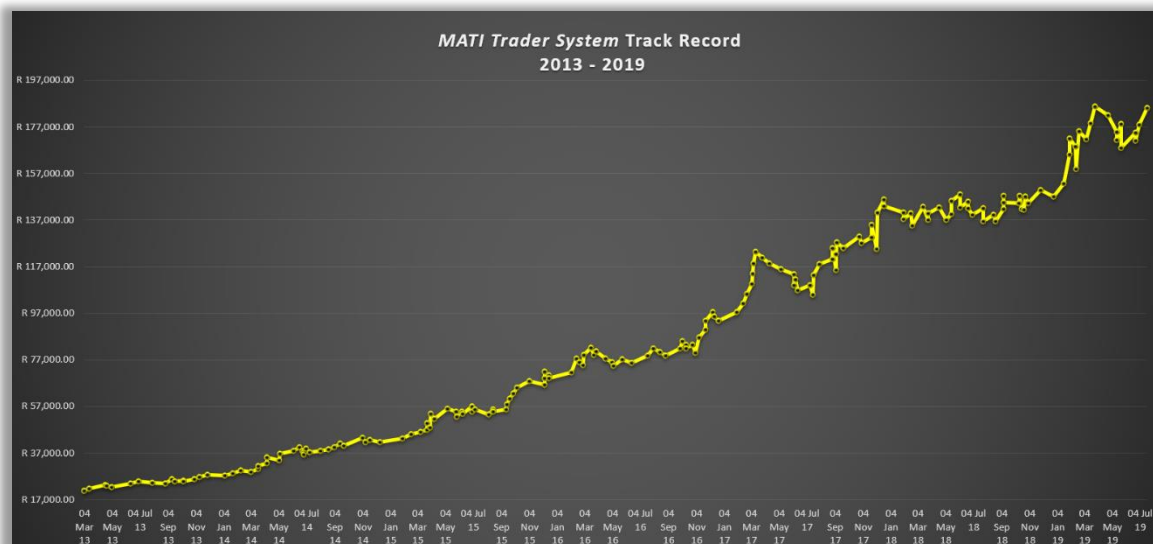

This is what this one strategy has done for me. And now it's time to GIVE BACK to society and the world.

Just to give you a taster.

Here's what the same strategy has banked my members from January 2019 up until August 2019 (with both winners and losers).

Month	Company	Gain/Loss
Jan 19	Anglo American Platinum	51.95%
Jan 19	Nedbank	25.54%
Jan 19	Kumba Iron Ore	44.75%
Jan 19	Anglo Gold	47.77%
Feb 19	Exxaro	-29.93%
Feb 19	Anglo Gold	41.10%
Mar 19	Bidcorp	-27.74%
Mar 19	Anglo American Platinum	46.10%
Mar 19	Kumba Iron Ore	18.38%
Jun 19	JSE All Share Index	34.09%
Jun 19	Anglo American	-43.36%
Jul 19	Kumba Iron Ore	43.80%
Aug 19	JSE All Share Index	21.81%

And with complete transparency, here is my full track record for one of my trader services called *Red Hot Storm Traders* members (with both winners and losers) using the same trading strategy since 2013.

You can see with a starting R100,000 how it multiplied into R925,388.90.

And that's being conservative.

Frankly, if all goes well, there's no limit to your financial upside. You can use this ONE trading strategy for the rest of your life.

You just need to reinvest your winnings – and next thing you know you're well on your way of becoming a millionaire trader.

While most traders risk huge amounts of money with no plan, *Red Hot Storm Traders* are collecting thousands of rands every month by indirectly following my automated strategy.

HERE'S WHAT A FEW MEMBERS HAVE SHARED:

Every minute you spend waiting is a wasted opportunity you could use to start your trading success.

So let's speed this up now, because there is only one final thing you need to know.

If you consider all of the trading programmes out there, you'll know that most decent ones are sold at around R10,000 to R30,000 each.

However ethically, I can't allow myself to put such a high price on your faith, and so...

I have deliberately pitched a low and affordable price special to only the most dedicated traders who want to bank a monthly income through trading.

And so, for a LIMITED two-week-only period, you can become a proud owner of the MATI Trader System Programme and pay only ~~R12,500~~ **R2,500**.

You'll get this complete trading programme to help build your million rand portfolio for the tiny up-front cost of R2,500... That's R10,000 off the total value...

If you decide to join me, I am sure you are not going to let a measly R2,500, the price of a plane ticket to Durbs, stand in your way...

So let's get this valuable programme in your hands right away.

But here's where it gets interesting...

I'm prepared to offer you a special-deal in a way that I will be taking a HUGE financial risk where I could lose hundreds of thousands of rands...

We will not pocket a cent of your money unless we earn it. If you are not on a profitable path to building your million-rand portfolio – then we will give you a full refund.

I'm not talking a 5 day, 10 day, 30 day or even a 90 day Money-Back-Guarantee.

No.

We will give you a...

100% LIFE TIME MONEY-BACK GUARANTEE

You'll just need to email us with:

- A note describing why the programme didn't meet your expectations.
- Your account statement to show that you weren't able to make a positive return after taking just 10 trades using the *MATI Trader System* strategy.

No questions, no hassles and no delays – I will grant you a full-refund.

Plus, at no extra cost – you will still have
life-time access to the complete *MATI Trader System Programme*.

This guarantee holds forever because that's how confident I am that you will achieve building your forever income account using my strategy...

Once you click the button below, you'll also be able to review your complete order before anything is processed.

Thank you for taking the time to read this letter and invitation to building your million-rand portfolio.

If I can do it – I guarantee you can achieve this!

I look forward to working with you.

Trade well...

PS: YOUR QUESTIONS HAVE BEEN ANSWERED BELOW

“Why do you offer a life-time guarantee and not a normal 30-day money-back guarantee?”

After 17 years of making a living with the *MATI Trader System* strategy, I would find it a total disservice to offer you a limited money-back-guarantee. That’s why this forever guarantee is ‘performance-based’ rather than ‘time-based’.

If you can simply send one note stating why the programme did not meet your expectations with your account statement showing after 10 trades you did not earn a positive return...

You can not only claim every cent of your money back but also – you can keep the programme, lessons, tools and book forever. I’ve never been more confident in this strategy and how it can deliver a consistent and eventually a primary income for you.

Q. “Why is the first lesson of the programme free?”

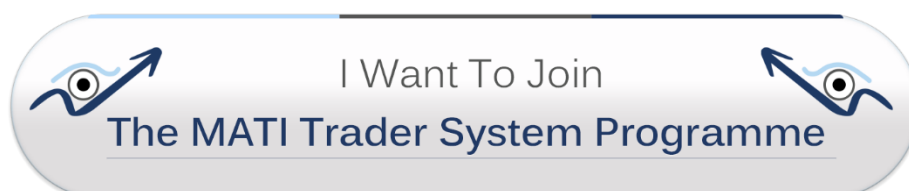

I have deliberately chosen and pitched the first lesson for FREE WITH ZERO FINANCIAL COMMITMENT for the *MATI Trader System Programme*, in order to make it accessible to all of the most dedicated traders who wish to **ACTUALLY** grow their wealth on a weekly and monthly basis.

So make sure you take advantage and ‘Join the first FREE lesson of the *MATI Trader System Programme* today by [clicking here...](#)

Q. “I have seen the first lesson and now I can’t wait to download the complete MATI Trader System Programme. Where can I SIGN UP?”
