VR DIGITAL CITIZENS

Welcome to the future of meeting new friends, going to live events, discussions, connecting with people and creating & sharing new worlds without leaving the comfort of your own bed.

Soon, you'll know exactly how meet me and many other Digital Citizens in the social world of VR.

Hi there Digital Citizen,

Timon here…

If you're looking to meet and greet other Digital Citizens in the new and revolutionary world of VR (via a standard computer or with a 3D VR headset)..

Then you've come to the right place.

We know how challenging it can be to meet people nowadays with the whole Coronacrisis, taking away our social lives.

And even after this era, I feel that people will continue to be less social than before.

That's why I would like to extend this opportunity for you to meet and greet all VR Digital Citizens online.

I have FIVE main goals with VR Digital Citizens:

• Meet with friends, family and new people
• Enjoy live events, discussions and worlds together
• Have new ideas to create your own events or business
• Build memories through new experiences
• Boost confidence, knowledge and speaking skills

This is a real way of meeting new people in a safe and relaxed environment.

All you'll need to do is read through this illustrated PDF and send me your Username to info@timonandmati.com.

I'll then add you as a friend and show you how it works and how to join events and meet other VR Digital Citizens…

In this Quick User Guide, lies everything you'll need to join the world of meeting people in a free program called AltspaceVR.

Here's what you'll find in this user guide to go through to meet up and enjoy the VR experience:

What is AltspaceVR?

FINAL WORDS

Are you ready to enjoy the VR experience of meeting and connecting with people?

If so, send me your USERNAME to info@timonandmati.com.

Once you've gone through this quick user guide, try to attend a few live events, chat to other users in shared spaces and get familiar with the AltspaceVR platform before my next event.

Thank you for taking the time to read through this User guide and I hope to see you in the social world of VR... If you'd like to join one of my VR free events (Learn Greek, Trading or Moral Dilemma) send me an email to info@timonandmati.com for more information.

"Welcome to a new era of VR Digital Citizens".

Q. Where can I find a calendar of other LIVE events to come?

Either on the website by going to https://account.altvr.com/events/featured
Or you can go into AltspaceVR and click on the 'DISCOVER' or EVENTS' tabs.

Q. How do I IMPROVE MY SOUND QUALITY with speakers and a microphone?

Very important question especially for events!

I would **highly suggest** you find a good quality and comfortable headset with a microphone. You need to see this opportunity as an investment for your future.

I bought the *Omen Mindframe Headset* from HP and it is incredible! WATCH HERE

Q. Do you have any examples of events you've hosted?

Yes, in fact here are two events I've run with VR. And I expect each event to be better.

Click here to watch LIVE Virtual Learn Greek Event.

Click here to watch LIVE Virtual MATI Trader Event

Click here to watch LIVE Virtual Moral Dilemma Event

Q. I'm finished with the Quick User Guide now what?

Now you just need to sign up and **send me your Username to** info@timonandmati.com. I'll then accept your request and will send you a message on the day with how to meet up at the next event.

Also, make sure you have a **good quality headset** with a microphone. Other than that, try and **attend a few live events**, chat to other users in shared spaces and get familiar with the AltspaceVR platform before the event begins.

Q. Will I get to see the event after attending?

Yes, I will make sure the events are recorded and we'll also take a few selfies to appreciate the new views from different worlds and spaces in VR.

Q. Can I attend the Learn Greek World before the event?

Yes, I've created a world called The Greek TaVRna…. You can go into the world by clicking here…
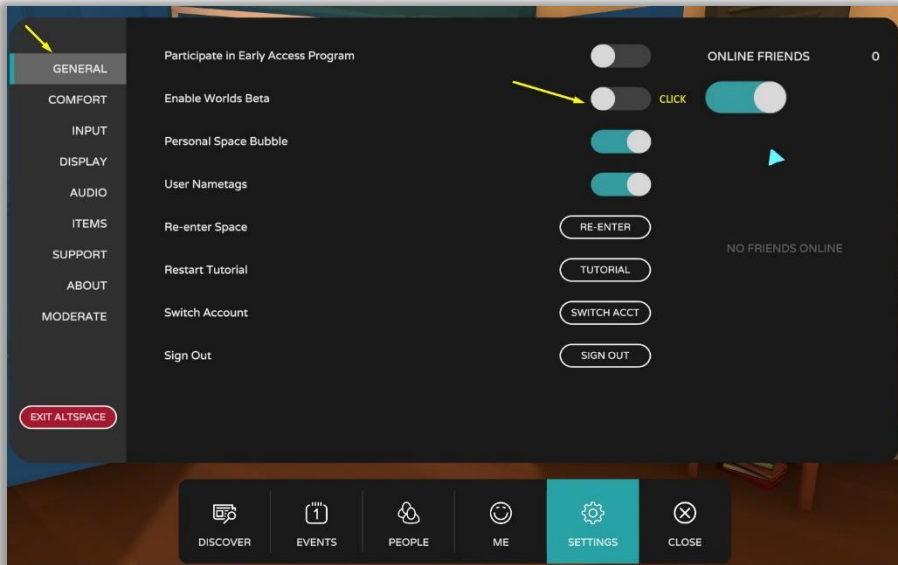

Q. How do I access "World's Beta" and enter a created world

WHAT IS 'WORLDS BETA'? Newly created places where users can meet up, chat, move around and enjoy…

**STEP #1:** Go to the Main Menu

STEP #2: Click Settings

STEP #3: General – Click on 'Enable Worlds Beta' toggle

STEP #4: Click on "Worlds Beta' Tab next to 'Events'

STEP #5: Click on the Arrow button to see more available worlds to enter e.g. Lake Shore Cabin

STEP #3: Click on the chosen place and click 'ENTER'
